<b>I hereby acknowledge the following statements:</b>  1. Applying to collect my digital degree certificate in advance indicates that I have graduated from the University. This shall affect my access to all campus learning resources (including mailbox account and all study platforms); teachers will not be able to upload the grades for the courses I've taken. Should this resulted in any damage to my number of credits and grades, I'm willing to take full responsibility for it with no objections. 2. The digital certificate will be issued 4-5 days after this application is filed.
